

# STUDIO

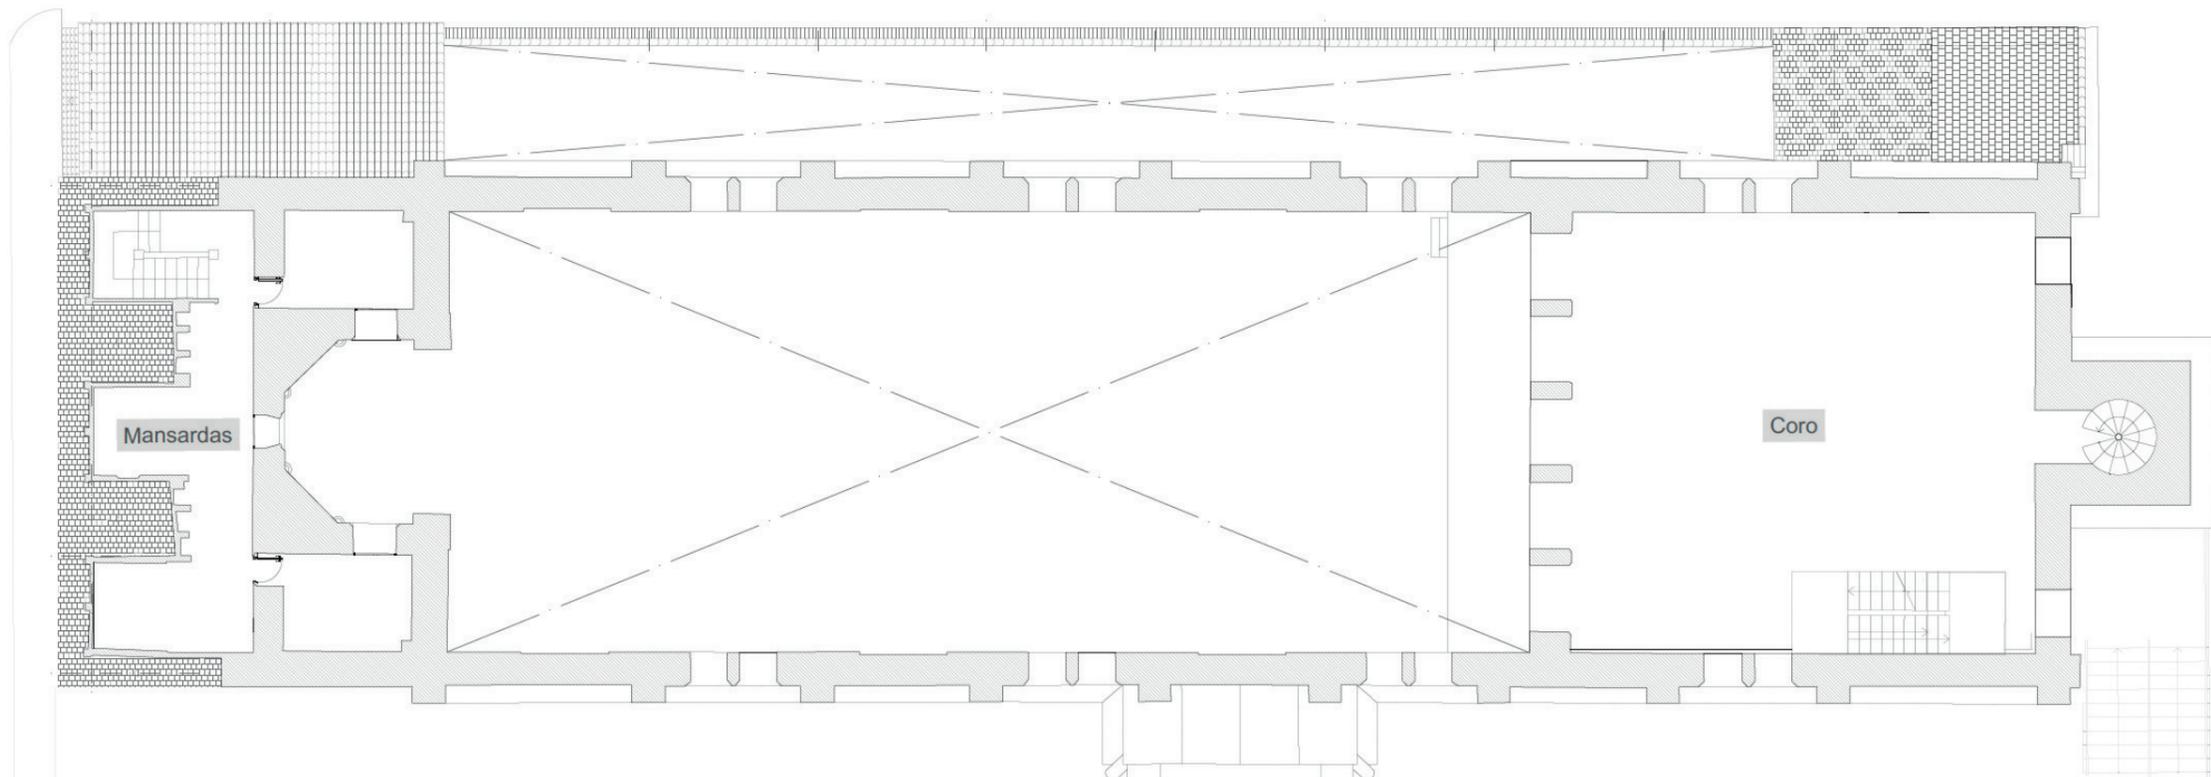

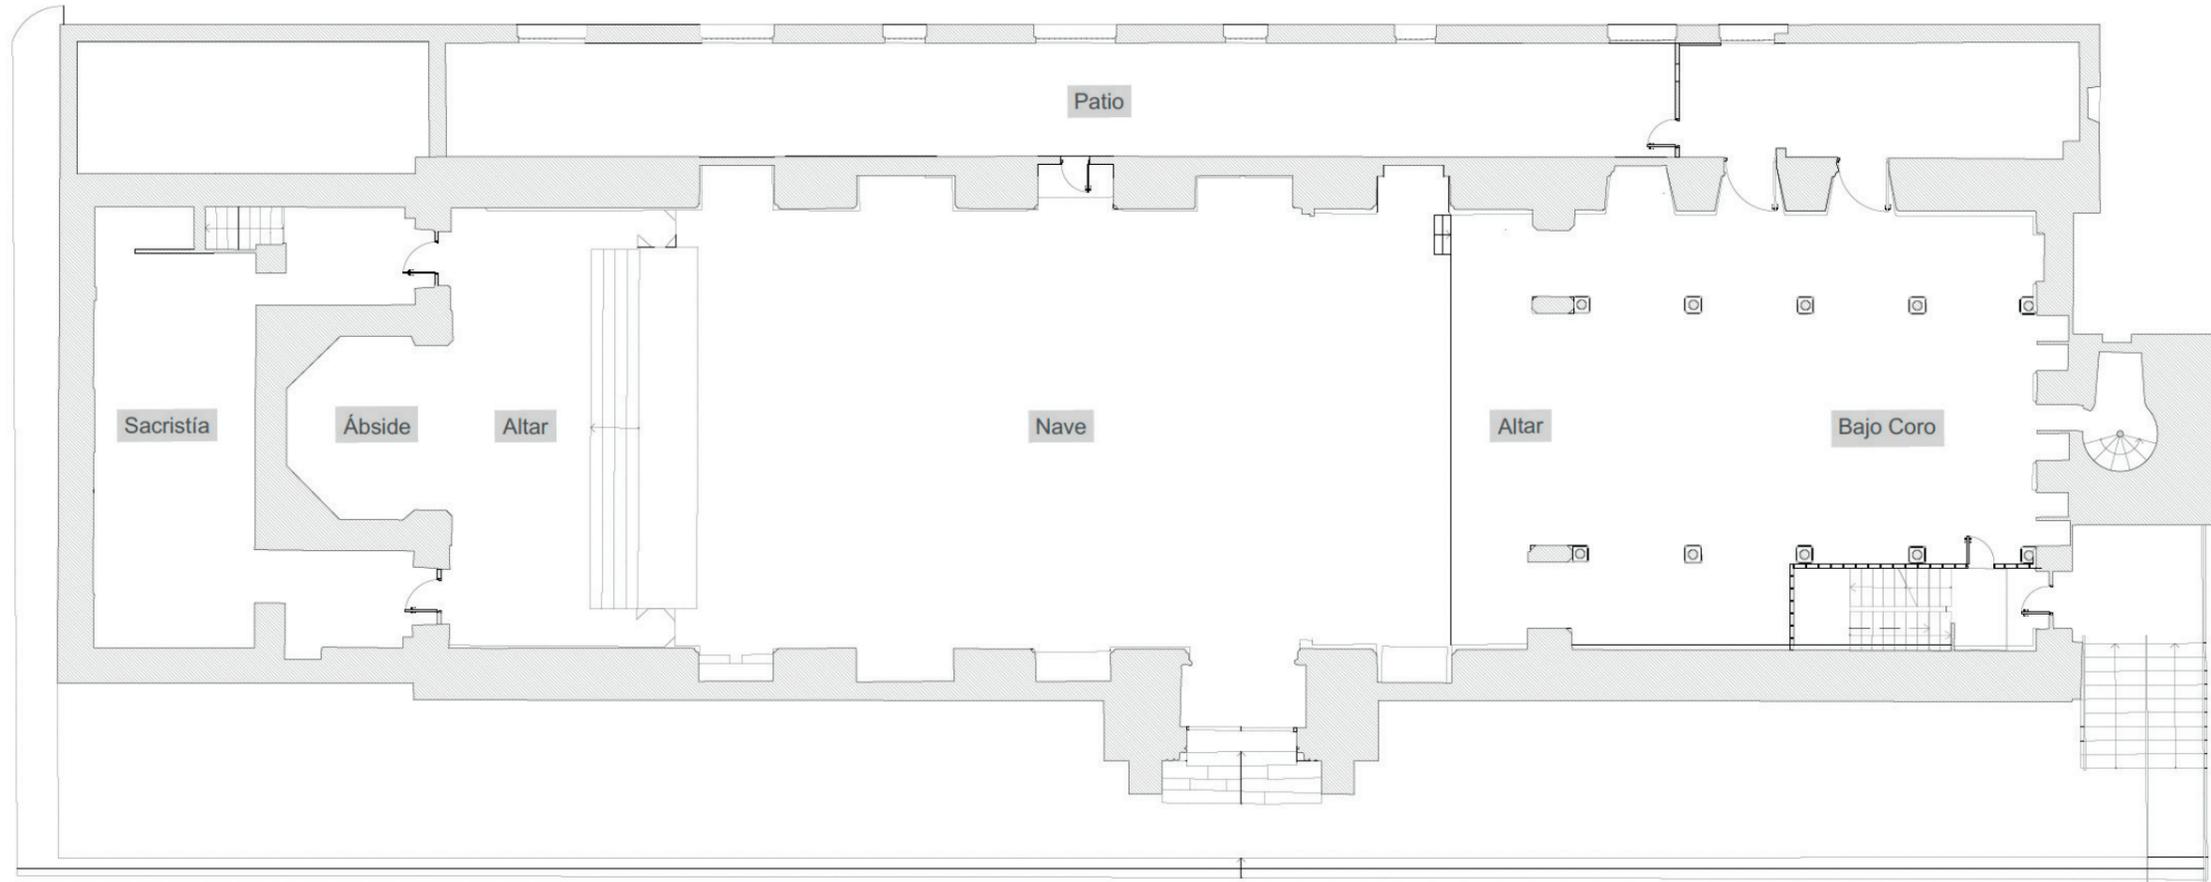

The image shows a modern interior space, likely a lounge or studio. The wall is a rich, textured red. A large, arched window or doorway is visible, with a decorative green and gold border. A tall, leafy green plant stands in the center. In the foreground, there is a small round table with a black top and a lit lamp. Two chairs with a red and white geometric pattern are positioned around the table. The floor is made of light-colored wood-look tiles. To the right, a window with red curtains is partially visible.
